ANSAF M

FULL STACK DEVELOPER

9042108322 | ansafmuadh@gmail.com | Kanniyakumari

ABOUT ME

Full Stack Developer proficient in React.js, Java, Spring Boot, and Node.js, with experience developing responsive web applications, RESTful APIs, secure authentication, and database-driven solutions. Skilled in building scalable and maintainable applications following modern software development practices.

EDUCATION

Bachelor of Engineering in Computer Science 2022 – 2026
Mar Ephraem College of Engineering and Technology

TECHNICAL SKILLS

Frontend: React JS, HTML, CSS, JavaScript

Backend: Spring Boot Java, REST API, Node.js, Express.js

Database: MySQL, PostgreSQL, MongoDB

Programming Languages: Java, Python

Tools: GitHub, Postman, Docker

INTERNSHIP

Full Stack Developer Intern — AK Infopark

- Gained in-depth experience in front-end development and exposure to back-end technologies.
- Worked on web projects, contributing to design, development, and implementation of user-friendly interfaces.

PROJECTS

E-Commerce Clothing Management Platform

Tech Stack: *React.js, Vite, Java, Spring Boot, Spring Security, JWT, MySQL, JPA/Hibernate, REST API, Axios*

- Developed a full-stack clothing catalog and inventory management platform using React.js, Spring Boot, and MySQL.
- Implemented JWT-based authentication, protected routes, and role-based API authorization using Spring Security.
- Developed RESTful APIs for products, categories, inventory, sizes, and image management using Spring Data JPA.
- Built an admin dashboard for product/category management, inventory control, image uploads, and customer enquiry/order integration.

Movie Search & Favorites Management System

Tech Stack: *React.js, JavaScript, HTML, CSS, REST API*

- Developed a responsive movie discovery platform using React.js and the TMDB REST API for real-time movie data.
- Built reusable, modular React components with dynamic search and filtering functionality.
- Implemented a favorites management feature to allow users to save and access selected movies.
- Designed a clean, responsive, and user-friendly interface optimized for different screen sizes.

CERTIFICATION

Java Full Stack Developer Certification – Telusko

- Completed a comprehensive Java Full Stack Developer certification program covering Java, Spring Boot, MySQL, Postman, Docker, and REST API.
- Gained hands-on, project-based experience by building working full-stack projects covering the complete development workflow.
